

“ *The greatest threat to the Earth and us is **IGNORANCE**. Teaching and emphasizing the need to respect and conserve nature will help us save the next generation.* ”

– Mr. Pradip Burman  
Chairperson, Mobius Foundation

## HIGHLIGHTS

### GYAN ANANT VIDYALAYA

World Nature Conservation Day  
July 28, 2021

“The nature of our future depends upon the future of our nature”

Observed on July 28 annually, World Nature Conservation Day acknowledges that a healthy environment is the foundation for a stable and healthy society. There is an urgent need for its conservation which means the preservation of forests, land, water bodies etc. Humans have exploited nature for a very long time, which has resulted in extinction of many species.

Principal Dr. Poonam Singh Minhas and teachers of GAV helped children in preparing bird feeders. Students along with their parents actively participated in the event.

### AAKAR

The selected two hundred villages of Barabanki and Bahraich districts is ongoing distribution of contraceptives, fans, and hygiene kits with support of the frontline workers. The second round of on-ground action has begun and the goal is to expand and reach, primarily in locations where access to family planning services is limited. A wall painting drive in both districts' highways has also been finished in order to raise awareness about family planning.

Mobius Foundation goal is to make resources available to the people who need them. Residents and visitors alike have praised our efforts in response. With the help of National Health Mission (NHM) - UP, our organization is planning to expand this initiative from 2 to 5 districts under AAKAR phase III. We also commemorated World Population Day on 11th July 2021 fortnight by rallying at the village level with the support of Asha workers to raise awareness among the beneficiaries, as well as displaying hoardings and banners.

## EMPOWERING TOWARDS CIRCULARITY

The programme has been launched to raise awareness about the relevance of circularity in resource use. A general awareness booklet is being developed about e-waste/plastic waste/Extended producer Responsibility (EPR) principles and policies including circular economy's potential for organizations. The booklet will cover the fundamentals of the circular economy concept, the distinction between zero waste and circular economy, and how it relates to climate change. The booklet will also include case studies around the world to give readers a realistic understanding of how to move towards a circular economy. Under the programme training of online training of trainers will begin in the month of September 2021.

## SANJEEVANI PHASE 4

Marking the occasion of Van Mahotsav which is celebrated during 1st week of July every year, Mobius Foundation along with SATHI inaugurated the Phase-IV of Sanjeevani Project on 6th July 2021. This phase will concentrate on “ecosystem restoration” by large-scale plantation with community involvement. The goal is to plant 5000 trees, including Neem, Jamun, Guava, Lemon, Amla, Indian Bel, Banyan etc. Shri. Amit Kaushal, Block Division and Panchayat Officer in Haryana (BDPO) in presence of villagers, ARF and SATHI staff planted the 1st sapling at Chidana village Water House (Jal Ghar).

## WEB DISCUSSION - Legends of India

“The solution of present-day problems lies in the re-establishment of a harmonious relationship between man and nature. To keep this relationship permanent we will have to digest the definition of real development: development is synonymous with culture. When we sublimate nature in a way that we achieve peace, happiness, prosperity and, ultimately, fulfilment along with satisfying our basic needs, we march towards culture.”

...Sunderlal Bahuguna

Indian environmentalist and Chipko movement leader

Hard work performed in a disciplined manner will in most cases keep the worker fit and prolong his life.

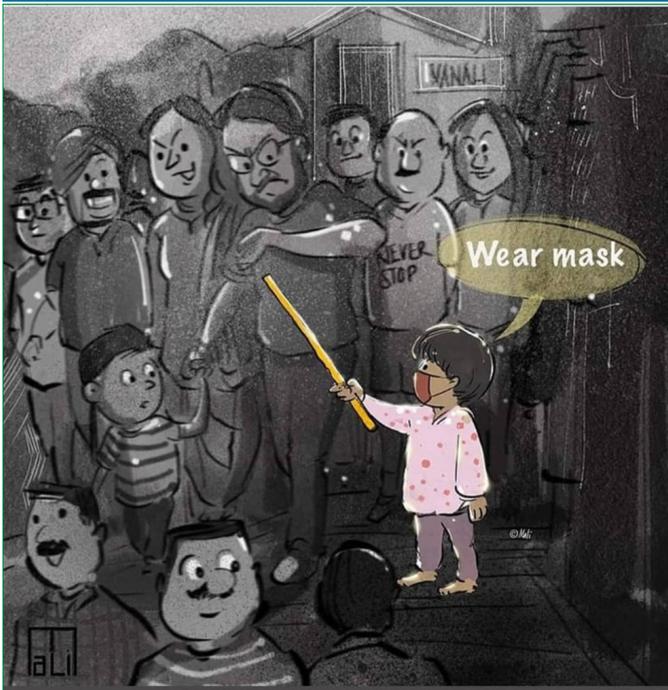

...Sir Mokshagundam Visvesvaraya

Indian civil engineer, Statesman and the 19th Diwan of Mysore

The life and contribution of 2 great Indian personalities, Sunderlal Bahuguna (Indian environmentalist and Chipko movement leader) and Sir Mokshagundam Visvesvaraya, Indian civil engineer, Statesman and the 19th Diwan of Mysore were discussed in the month of June 2021. Everyone from the organization shared their views on the life and achievements of personalities and the best presentations were recognized and rewarded by the Chairperson & CEO of Mobius Foundation.

## FUNNY SIDE

## DIGITAL AWARENESS AND MEDIA

### World Population Day

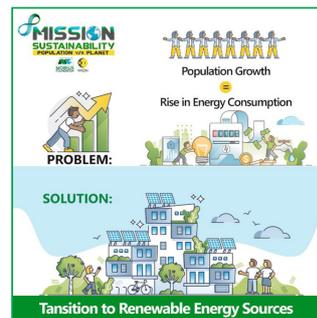

Featured episodes/documentary on “POPULATION AND ENERGY CRISIS” as 3RD series on the occasion of ‘WORLD POPULATION DAY’ were highlighted in the month of August 2021. These were supported by digital campaign putting spotlight to Identify the causes and effects of the energy crisis, but also the solutions to bring it to an end and how you can contribute.
