

FEBRUARY DIARY

Pain and pleasure are the two sides of the same coin. Our earth is in PAIN and the pain that it feels is projected in the form of CLIMATE CHANGE. It's high time we flip the coin and LET OUR EARTH BLOOM.

... Mr. Pradip Burman *Chairperson, Mobius Foundation*

HIGHLIGHTS

YOUTH FOR EARTH (Y4E) - 2022

Y4E 2022 is being organized jointly by Mobius Foundation and The Climate Reality Project for the youth of South Asia (Bangladesh, Bhutan, India, Maldives, Nepal and Sri Lanka). They can participate in the campaign as a team (minimum of 5 in one team) in the 2 categories - **Junior:** Classes from 9th to 12th (Schools) and **Senior:** Graduation/ Postgraduation (Colleges & Universities) by choosing a challenge from different themes. **There is no registration Fee.**

5 winning change-makers from each category will be invited and awarded cash prizes during the 4th edition of the International Conference on Sustainability Education (ICSE) on 9th and 10th September 2022. A merit certificate and entry pass will be awarded to all the selected participants to attend ICSE 2022.

To participate and Register for the campaign please visit the website: <https://www.icse2019.org/youth-for-earth.php>

TRAINING OF TRAINERS ON CIRCULAR ECONOMY

Y4E 2022 is being organized jointly by Mobius Foundation and The Climate Reality Project for the youth of South Asia (Bangladesh, Bhutan, India, Maldives, Nepal and Sri Lanka). They can

participate in the campaign as a team (minimum of 5 in one team) in the 2 categories - Junior: Classes from 9th to 12th (Schools) and Senior: Graduation/ Postgraduation (Colleges & Universities) by choosing a challenge from different themes. There is no registration Fee.

5 winning change-makers from each category will be invited and awarded cash prizes during the 4th edition of the International Conference on Sustainability Education (ICSE) on 9th and 10th September 2022. A merit certificate and entry pass will be awarded to all the selected participants to attend ICSE 2022.

MISSION SUSTAINABILITY Population Vs Planet

The 6th episode titled "OUT OF BREATH: POPULATION and AIR POLLUTION" as TV documentary on channel WION highlighted the issues of air pollution in the month of January 2022. The episode presented the link between air pollution and human population growth. **Expert Speakers** such as Dr. Shikha Jindal Gupta, Pulmonologist, Ms. Anumita Roy Chowdhury, ED, CSE, Dr. Awkash Kumar, Founder SAGE, Mr. Anwar Ali, Sr. Environmental Engineer, DPCC and others raised concerns and shared solutions over increasing air pollution globally.

AAKAR

Mobius Foundation through its project Aakar is putting its vision forward to stabilize the population in the high TFR districts of Uttar Pradesh. A recently concluded NSV fortnight saw an active participation wherein 19 males opted for Vasectomy as a step towards family planning, which is otherwise considered as the choice of a women only.

To take this vision forward at a larger scale, the organization is now planning the expansion of the project by choosing Bahraich and 3 new High TFR districts (Siddhartnagar, Shravasti, and Balrampur) of Uttar Pradesh.

This year-long project will be launched through a proper mechanism by collecting baseline data and will be intervened through trained counsellors and on ground staffs.

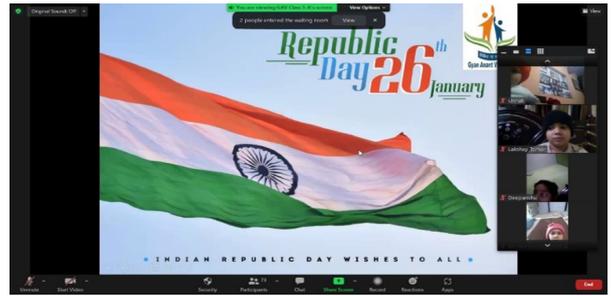

Balrampur TFR-4.9 **Bahraich** TFR-4.9
Shravasti TFR -5.5 **Siddharthnagar** TFR -4.8

GYAN ANANT VIDYALAYA

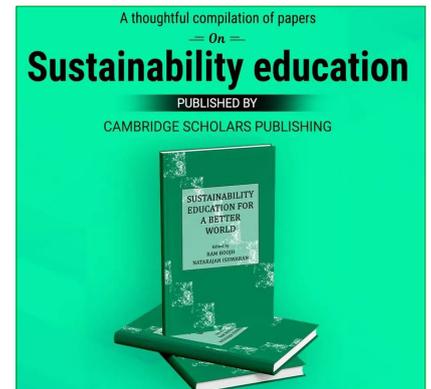

Gyan Anant Vidyalaya celebrated India's 73rd Republic Day with great enthusiasm and pride. The event was graced in the presence of the school Principal Dr Poonam Singh Minhas who encouraged all the participants virtually with her thoughtful words.

Students participated by giving speeches, performed dance, presented plays and spoke their heart out on this occasion. Our national flag was hoisted in the school with great honour.

SUSTAINABILITY EDUCATION

The book on Sustainability Education for a Better World just published by the Cambridge Scholars Publishing. The book contains papers from the contributors of the 1st International Conference on Sustainability Education (ICSE 2019) and consists of an in-depth analysis of issues and challenges related to sustainability education at the formal and non-formal levels, providing glimpses of good practices, case studies, technological advances in teaching-learning, analysis of policies, curriculum, and pedagogy. This is the first publication throwing light on Sustainability Education in a broader perspective of Environment Education (EE), Education for Sustainable Development (ESD), and Climate Change Education (CCE) in a comprehensive and holistic manner.

DIGITAL CAMPAIGN

#ResolutionToRevolution.

Promoted sustainable habits to follow in 2022 as a part of their lifestyle. Easy adaptable habits were shared to encourage people to follow the sustainable lifestyle for better world.
