

# MAY DIARY

**“Until you dig a hole, plant a tree, water it, and make it survive, you haven’t done a thing. You are just talking.”**

... Mr. Pradip Burman, *Chairperson, Mobius Foundation*

## ICSE 2023

The preparation of ICSE 2023 is ongoing. 15<sup>th</sup> TAC meeting has been scheduled for mid-May 2023 to discuss the conference details with partners and experts. The tentative programme schedule of the conference is taking shape now. Invitations have been sent to several dignitaries and reputed organizations for participation, Key speeches, partnership, and curating sessions. In Response various organizations including the Australian Council for Educational Research, TERRE Policy Centre, and Kalinga University, have submitted their proposals. Apart from these, several national and international organizations have confirmed their participation in the conference. For more details kindly visit: <https://www.icse2019.org>

## Youth for Earth 2023

**Youth for Earth 2023** campaign, a joint initiative by Mobius Foundation and The Climate Project Foundation, was launched in March 2023. More than 53 registrations have been received from India and South Asian countries such as Uganda, Nepal, Bangladesh, and Sri Lanka. The last date for registration is **May 15, 2023**. The campaign is reaching out to youths in schools, colleges, and universities. Also, our social media platforms are encouraging them to participate in the campaign. To know more about the campaign, please visit <https://www.icse2019.org/youth-for-earth-2023.php>. For registration, refer to the link: <https://forms.gle/a2ytddKpNMEjFWiU6>

## World’s Largest Climate Clock Assembly and Display

On the occasion of International Earth Day 2023, Mobius Foundation participated in World’s largest Climate Clock Assembly and Display Event organized by Energy Swaraj Foundation at Indira Gandhi Indoor Stadium, New Delhi. The Climate clock shows the time left before the planet touches 1.5oC of global warming. Climate is not changing, it has changed and the world is running out of time to take climate corrective actions.

Team Mobius with CEO, Dr. Ram Boojh, CEO, MF and Dr. B C Sabat at Climate Clock assembly and Display event
