

“To meet climate goals, India must invest in skilling for green jobs. The government's efforts through Skill India and green growth policies are laying the foundation for a resilient, low-carbon economy.”

– **Pradip Burman**, Chairman, Mobius Foundation

7th International Conference on Sustainability Education (ICSE) - 2025

The **7th International Conference on Sustainability Education (ICSE)** will be held on **17th–18th September, 2025**, at the **India Habitat Centre, New Delhi**, under the theme **‘Sustainability Education for Green Jobs’**. Organised in collaboration with national and international partners, the event will spotlight the intersection of education, climate action, and green economy.

This year, ICSE becomes a **carbon-neutral event**, reinforcing its commitment to environmental responsibility. The conference will feature **plenary sessions, panel discussions, a Youth Conclave**, and more—addressing key issues such as **climate action, circular and blue economies, AI, agriculture, and population stabilization**.

Be part of this global effort to transform education for a sustainable future. Registrations are now open, and we invite you to join global delegates in shaping a more sustainable, climate-positive future. Visit the official website to explore the **concept note, brochure**, and other key materials.

Youth for Earth 2025

The **6th edition of the Youth for Earth (Y4E) campaign**, a joint initiative by the **Mobius Foundation** and **The Climate Reality Project**, has gained remarkable momentum. With **over 290 registrations** from India and neighbouring countries including **Bangladesh, Nepal, Sri Lanka, Bhutan, and the Maldives**, the campaign reflects a strong regional commitment to sustainability. A key highlight was the **webinar held on 7th June, 2025 during World Environment Week**, which brought together **over 300 participants** to engage with Y4E's mission and vision.

Recognitions & Awards

Participants are required to submit their final project reports by **31st July, 2025**, using the official format available on the Y4E/ICSE website. A revamped evaluation process is in place to assess impactful, solution-driven initiatives across **Junior and Senior categories**. The **most outstanding projects** will be showcased at the **7th ICSE**, to be held on **17th–18th September, 2025** at the **India Habitat Centre, New Delhi**.

Gyan Anant Vidyalaya (GAV)

Line Following Robot (National Level Coding and Robotics Competition), IIT Delhi: The **Lego Legend**, representing GAV, emerged as the **1st Runner-Up**, securing a coveted trophy in this highly competitive and prestigious event. The event spotlighted India's brightest innovators, celebrating their excellence in robotics and cutting-edge technology.

Awareness rally in Earth Day

Earth Day:

It was celebrated with a rally to spread awareness about the importance of trees and plants. Students expressed their creativity through badge-making, wristband and headgear design, and a beautiful clay-moulded nature painting. A poster-making competition added to the excitement, with winners receiving certificates.

10th Board Results: GAV proudly marked a historic milestone with its **first-ever Class X batch achieving a 100% pass rate** in the **CBSE Board Examinations (2024–25)**. A special assembly on **15th May, 2025** featured congratulatory messages from **Mr. Pradip Burman, Ms. Indira Burman, and Mr. Praveen Garg**, celebrating the students' hard work and success. The achievement was further celebrated on **21st May, 2025** in the presence of senior leaders from the **Mobius Foundation**, who interacted with students and staff, appreciating their dedication

A special highlight was **Kanika Rani**, one of nine girls enrolled under GAV’s free education initiative, who topped the school with **94.8%**, showcasing the transformative impact of equal educational opportunity.

Glimpses from the celebration

Mobius Young Climate Leaders (MYCL) for Himalayan Development

May, 2025 – Regional Visit:
The Mobius Young Development Professionals team in Nagaland conducted a regional visit across the **North Eastern states**, engaging with **NGOs, state coordinators, and young professionals** to align on project goals, implementation strategies, and expected outcomes. The team introduced the **Mobius Foundation’s vision**, shared operational guidelines, and emphasized collaboration for grassroots impact. As part of the **Green Friday initiative**, **segregated waste bins** were distributed to participating schools to encourage weekly student-led collection of **paper and plastic waste**, promoting awareness and sustainable habits among youth.

North East India Project Commencement Program:

June, 2025 : MYCL initiative marked a major milestone with its **official launch in Nagaland**, signifying the expansion of the programme across **North-eastern states (Assam, Meghalaya, Arunachal Pradesh, Mizoram, Tripura, Sikkim)**. The launch event, held in **Kohima**, saw the participation of over **50 delegates**, including **policymakers, academic experts, youth leaders and civil society representatives**. During this high-level engagement, **Mr. Pradip Burman (Chairman), Mr. Praveen Garg (President) and Dr. Ram Boojh (Advisor)**, along with Ms. Banajyotsna Baruah (Sr. Program Manager) and Ms. Suman Kumari (Project Associate) also met with the **Hon’ble Chief Minister of Nagaland Shri Neiphiu Rio** and other key government officials to discuss the programme’s **long-term vision and impact**.

JUNE 17, 2025
KOHIMA

X Neiphiu_Rio

The program began with a welcome address by **Ms. Hekani Jakhalu, Hon’ble Advisor, Industries & Commerce, Govt. of Nagaland** followed by an overview by **Dr. Atoho Jakhalu, Project Lead**. The event’s highlight was the address by **Shri T. R. Zeliang, Hon’ble Dy. Chief Minister of Nagaland**. He encouraged youth to drive the climate agenda and praised the MYCL initiative. **Shri Abu Metha, Advisor to CM, Govt. of Nagaland** concluded the session with a strong message on sustainable development.

Following the launch, the Foundation hosted an interactive session with **six leading NGOs and MYCL state coordinators**, aimed at exploring **localised climate solutions** and building **collaborative opportunities**. These efforts mark a powerful step forward in equipping the **next generation of climate leaders** to champion **resilience and sustainable development** across the Himalayan region.

Mobius Climate Project expands to entire Northeast: TR Zeliang calls for a climate-conscious generation

By MOKOKCHUNG TIMES
JUN 19, 2025 | [Northeast](#) | [Mobius](#) | [Climate](#) | [Environment](#) | [Northeast](#)

The Mobius Climate Project, first implemented in Nagaland during 2023-2024, will now expand across all seven Northeastern states, Deputy Chief Minister TR Zeliang announced during the project commencement program held at Hotel Vivor, Kohima, on Wednesday, 18 June.

Gyan Kanya Shakti (GKS): 100 Schools Program

The **Gyan Kanya Shakti (GKS)** project, spearheaded by **Mobius Foundation**, has made remarkable strides this quarter in empowering adolescent girls through holistic education and life skills.

UTTAR PRADESH

Expansion & Reach

- **Districts Covered:** 8 (including new entries: **Jhansi, Jalaun, Lalitpur**)
- **KGBVs Implemented:** 17 (existing) + 8 (from July onwards)

Education & Learning Impact

- **Academic Sessions Delivered:** 713 in April, 714 in May (91–93% planned coverage)
- **High-Performing Schools:** Manikpur, Mau, Pahari
- **MiVirtue Life Skills Sessions:** 136 sessions completed (April–mid May)
- **Life Skills Impact:** **425 girls assessed** across 17 schools; Learning growth: **Baseline – 30.6% → Endline – 64%**

Capacity Building – All four district coordinators completed certified training in:

- Digital Pedagogy & AI Tools
- Inclusive Education & Disability Support
- Early Childhood Development (SDGs)
- Legal Awareness & Adolescent Psychology

These courses equipped the team with tools to foster inclusivity, integrate emerging technologies, and align with national education reforms.

Field Visit by Ms. Poonam Parihar – Jhansi Division

Health & Hygiene

HPV Vaccination Camp:
Successfully conducted for **100 girls**, promoting adolescent health and awareness in Chitrakoot.

Research & Evidence Building

Primary research conducted in 4 schools with:

- **314 girls, 26 teachers, 22 parents** engaged
- Final report & impact data awaited

Strategic Planning & Review

A Quarterly Review Meeting was held with all coordinators to review progress, induct new team members, and plan for:

- Class **9–10 pilot strategy**
- New school onboarding
- Infrastructure readiness
- Planning for the year

Quarterly Review and Annual Planning Meeting at Mobius HQ, Delhi

Liaison visits to key district-level stakeholders: CDO Mahoba

MADHYA PRADESH

Data & Digital Systems – GKS App & School Data Maintenance

- District Coordinators and Ayojikas collected and uploaded academic and student data to the **GKS mobile app** (under development).
- Data includes **previous results, new admissions, and other key school-level details**.

Academic Planning & Rollout – Planning for Academic Year 2025–26

- Internal meetings with partner organizations were held to strategize the upcoming session.
- GKS will now operate in **25 schools across six districts**: Sheopur, Panna, Satna, Sidhi, Umaria, and Shahdol.

Capacity Building & Program Expansion

- **Phase III Expansion** – **10 new government girls' schools** adopted in **Umaria and Shahdol**; Grade 6 classes to begin in **July 2025**, with approvals from District Collectors.
- **Recruitment & New Joinees** – Two new District Coordinators, **Mr. Saurabh Singh (Shahdol)** and **Mr. Ankit Mishra (Sheopur)**; Recruitment process began in **May, 2025**.

Stakeholder Engagement & Outreach

- **Meetings with Govt. Officials & School Visits** – to align plans for 2025–26.
- Ongoing GKS activities and upcoming plans shared with Education Department officials and school stakeholders.
- **Feedback from Principals and Teachers** – Schools report a **gradual but visible impact** of GKS interventions on student performance and engagement.

Skill Development Initiatives

Personality Enhancement Program (PEP)

- Need assessment conducted by **Instrucko Team** for students of **Grades 9 and 10**.
- PEP will launch in 2025–26 with modules like **email etiquette, financial literacy, and life skills**.

Workshop on Gender-Responsive Disaster Risk Reduction - Panna by **District Administration and UN Women**; Inaugurated by **Collector Mr. Suresh Sharma**; attended by **Mr. Aasheesh S. Kshatriya (District Coordinator)**.

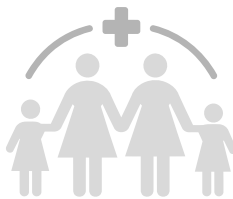

District Coordinators & Ayojikas in Sidhi

Workshop on Gender-Responsive Disaster Risk Reduction, Panna

Project Aakar

Health Mela – Puraini Jarwal

Umeed 1.0:

From April to June 2025, a series of Health Melas and outreach activities in Jarwal Block, Bahraich connected rural communities with vital services. The Mela in Haidarabad saw **512 participants**, offering counselling, family planning, adolescent health support, and sanitary pad distribution. In Puraini, the Mela reached **448 people** with similar services, including Ayushman card issuance and health check-ups. June marked the 18th Mela, alongside ongoing ANM cluster meetings and trainings to strengthen frontline health workers and boost community-based health interventions.

Saran, Bihar:

Family Planning Counselling Kiosk design—
CHC/PHC, Saran District, Bihar

Dr. Ram Boojh & Mr. Prabhat's visit to Deva CHC, Barabanki

Umeed 2.0:

Between May and June 2025, Umeed 2.0 advanced family planning efforts through intensive ASHA and ANM training sessions across selected blocks and districts, aimed at strengthening technical knowledge and counselling skills. Key field visits—such as to CHCs in Barabanki and Chhapaiya (Gonda)—by **Dr. Ram Boojh, Mobius and PFI teams**, reviewed on-ground implementation, gathered feedback, and engaged with healthcare officials, field staff, and beneficiaries. In June, dedicated Umeed Counselling Centres were launched in Sitapur and other districts to enhance service quality and accessibility. Rogi Kalyan Samiti sessions and interdepartmental coordination further supported consistent, community-responsive service delivery.

Mobius Foundation has expanded the Aakar Project to **Saran district in Bihar**, building on its success in Siddharthnagar. In partnership with the Janani team, this three-year initiative aims to strengthen grassroots reproductive healthcare by improving access to quality family planning services. Key interventions include Clinical Outreach Teams (COT), healthcare infrastructure support, capacity building, and community mobilization through cluster meetings and VHSND platforms.

Siddharthnagar:

In **Siddharthnagar**, Project Aakar made notable progress between May and June 2025 through targeted Fixed Day Services (FDS), outreach, and counselling initiatives. Across multiple FDS sessions, **52 female sterilizations and 2 non-scalpel vasectomies (NSVs) were performed**—led by surgeons Dr. Vivek Mishra and Dr. P. Kanaujia—alongside IUCD insertions. Outreach camps, **13 cluster meetings, and 64 VHSND sessions engaged over 1,000 community members**, focusing on counselling newlyweds and eligible couples. Contraceptive distribution reached **35 individuals with 72 OCP cycles and 205 condoms**. A key **review visit** on 24th June by the **Mobius team** assessed service delivery at CHC Khesraha and Panchayat Bhawan Dubai, gathering insights from frontline workers and stakeholders. Dr. Sujit Kumar Pandey, MOIC, appreciated Mobius Foundation’s support and called for stronger male involvement and regular counselling.

Press Release covering Contraceptive Distribution & Community Engagement workshops

Biogas/Compressed Biogas (CBG) Project

Glimpses from the Field Visits

In May and June 2025, field visits were conducted at Sakhi MPC in Rajasthan and Indujaa MPC in Maharashtra to review the on-ground implementation of the household biogas project. The visit aimed to assess both the progress of plant installations and the effectiveness of project branding. As of 30th June, a total of **765 biogas plants** have been successfully installed across all **3 states (Rajasthan, Maharashtra, Madhya Pradesh)**, marking significant progress in promoting clean energy access and sustainable rural livelihoods.

Panel Discussion on ‘Water Towers of India’

On Earth Day, 22nd April, 2025, Mobius Foundation hosted a high-impact panel discussion at Bikaner House, New Delhi, on “Water Towers of Asia: Cryosphere, Climate Change, and Solutions,” aligning with the International Year of Glacier Preservation. Focusing on the Hindu Kush Himalayas, or the Third Pole, the event featured leading experts who highlighted the urgent need for climate action, glacier monitoring, and cross-border cooperation.

Glimpses from the event

The panel consisted of a highly acknowledged group of experts: **Mr. Brij Mohan Singh Rathore, IFS**; **Dr. A.P Dimri**, Director, Indian Institute of Geomagnetism, Mumbai; **Prof. Anil Kulkarni**, Distinguished Visiting Scientist, Divecha Center for Climate Change, IISc Bengaluru; **Captain (Retd.) Anurag Bisen**, Senior Fellow, VIF, New Delhi; **Moderator - Dr. Sulagna Chattopadhyay**, Secretary General, LIGHTS Foundation and Editor in Chief at Geography and You.

Mr. Praveen Garg, President, Mobius Foundation, emphasized protecting Asia’s vital water towers through science-driven solutions and youth engagement. Attended by over 140 participants, the session reinforced Mobius Foundation’s commitment to environmental sustainability and climate resilience.

Wisdom Hour

Our Great National Parks:

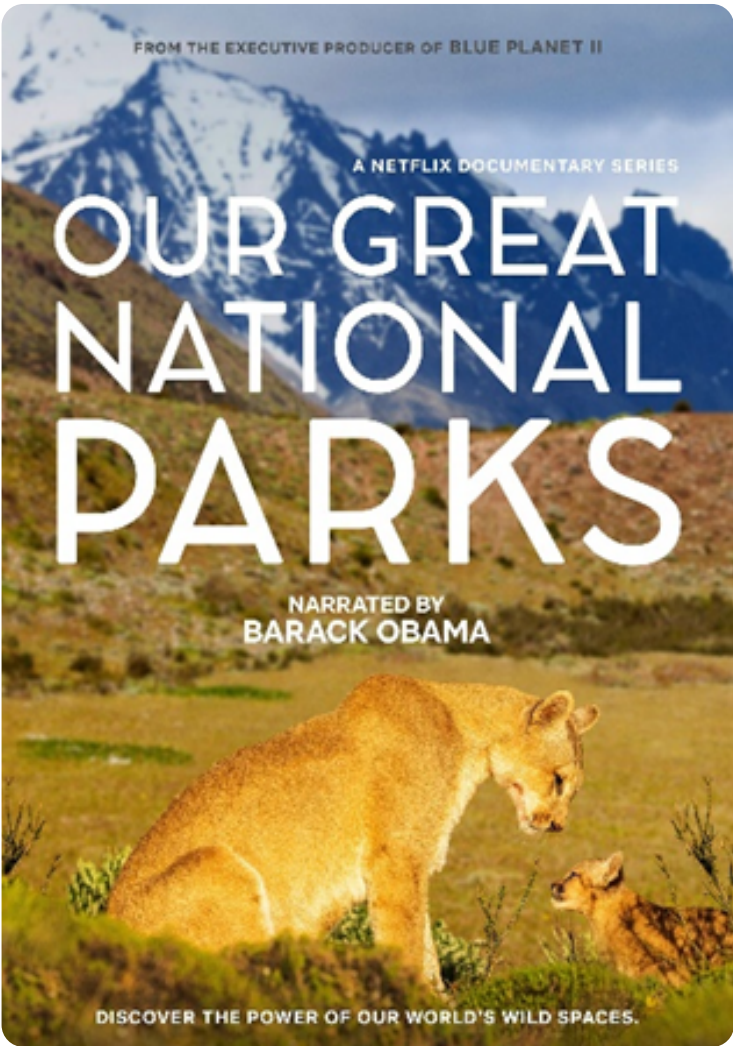

Episode 1: “A World of Wonder” - This opening chapter offers a sweeping global panorama—from the pristine beaches of Africa and Japan’s ancient forests to Australia’s Great Barrier Reef. Viewers are treated to stunning visuals and introductory context for the conservation themes that arc across the series.

Episode 2: “Chilean Patagonia” - Explore 24 national parks in Chilean Patagonia, a region of glaciers, emerald lakes, fjords, and Andean peaks. The episode explores efforts to rewild landscapes and protect endemic species, demonstrating Patagonia’s potential as a model for large-scale conservation.

Episode 3: “Tsavo, Kenya” - Meet the diverse wildlife of Tsavo National Park—home to elephants, rhinos, hippos, and hornbills—roaming across vast savanna landscapes and riverine corridors. This episode delves into the delicate balance of wildlife, habitat, and human coexistence.

Episode 4: “Monterey Bay National Marine Sanctuary, USA” - This episode shifts oceanside to California’s coastal paradise. Viewers journey into kelp forests, underwater canyons, and marine mammal habitat—highlighting the fragile equilibrium between ocean ecosystems and human activity.

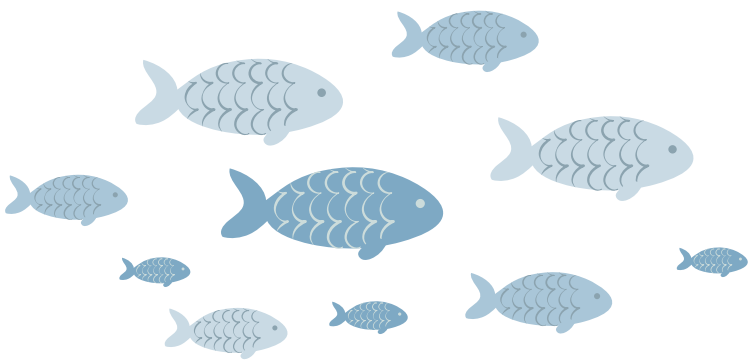

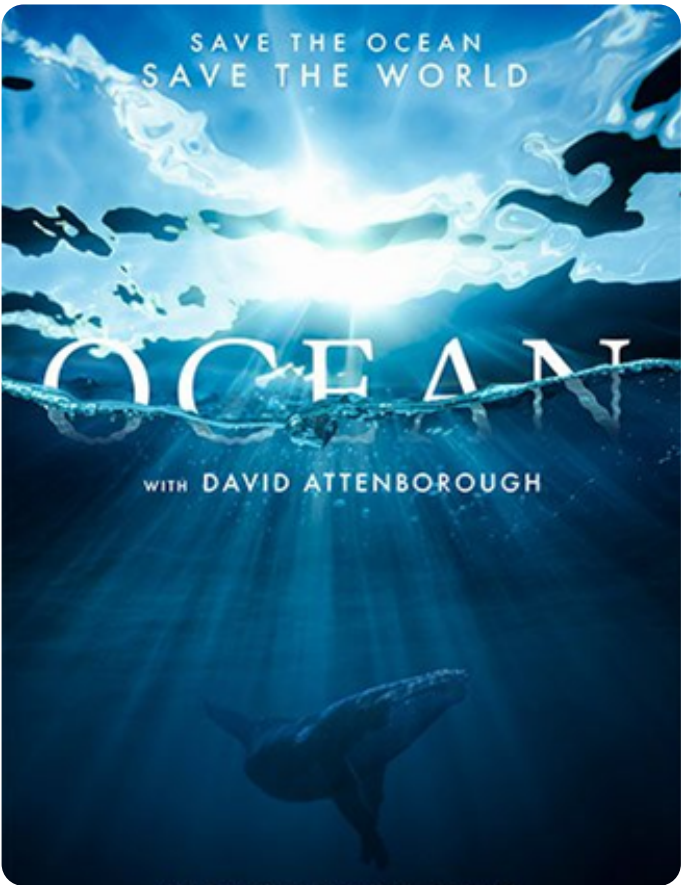

Episode 5: “Gunung Leuser, Indonesia” - Centering on Indonesia’s rich rainforest, this episode focuses on Gunung Leuser National Park, a haven for critically endangered species such as the Sumatran tiger, orangutans, and rhinoceros. The narrative emphasizes forest conservation and indigenous community roles in safeguarding biodiversity.

Ocean with David Attenborough (2025):

The powerful documentary explores the beauty and fragility of the world’s oceans. Narrated by Sir David Attenborough, it reveals how industrial fishing—particularly bottom trawling—is devastating marine ecosystems and biodiversity. The film features stunning footage of ocean life, while exposing the destruction caused by overfishing and pollution.

Despite the urgent tone, it offers hope by showcasing marine areas that have recovered through protection and sustainable practices. Attenborough calls for immediate global action to safeguard the ocean, emphasizing that if we protect it now, it can bounce back for future generations.
